

Marin County IPM Program
Application for Limited Use Exemption

Person Requesting: Jim Chayka Date: August 28, 2019

Department: Marin Parks -Landscape Division Phone: 415-473-3639

Proposed Material: Essentria Wasp and Hornet Spray EPA Reg. Number:
Exempt (FIFRA 25 B Minimum Risk Category)

Active Ingredient: Pepermint Oil, Sodium Laurel Sulfate

Amount of material needed: 16.0 oz. (usually one pre-measured ca) per nest

Location of Proposed Use: Marin Parks and County of Marin Lands

Reason why Restricted: Product has recently become available to Marin County Parks, and is believed to be less acutely toxic to the applicator as well as to the environment long term. The exemption is requested for blanket use of the product with less than 4 days prior notice in emergencies and for public safety (ie. Someone has gotten stung; nest is in vicinity of people or high traffic areas). This exemption allows application without prior public notification.

Reason for Need: Active wasp nests

Options/Alternatives: Traps have been placed and monitored

Plan to Preclude Future Use: Continue to monitor and trap insects and queen wasps at appropriate time of the year

Time Period Needed: The exemption request is for the rest of 2019. We will ask for a request at the beginning of each calendar year.
