Service Comments

Tech Comment: Met with maintenance crew, Pat, chefs, and a gentleman from the health dept. We walked through and went over any holes to seal up, which they are taking care of today. I gave them some screen for it. I also set out 3 rbs with traps, and some wooden snap traps throughout the main hot spots of activity in the kitchen. They have cleaned mostly everything so that part looks really good. Our goal is once the seal work is done, we catch the rat (s) and hopefully have a handle on this. After seal work if we're still seeing activity we could also try a mass trapping.

Order #	Service Description	Quantity
210725	Service Interior Rodent Traps	1.00

Service Comments

Tech Comment: Reset traps in cafeteria, Pat and the chef were there with the health department again, they reopened today only to get shut down again, there was a panel lifted underneath the cook line in the back that revealed a bunch of droppings so now there more cleaning they are having to do. I told them to keep us updated.

Order #	Service Description	Quantity
A207673	Service Insect Monitoring Stations	1.00

Service Comments

Tech Comment: Inspected facility areas and serviced monitoring devices. Kitchenette in 3250 CPS area, 1 adult and 1 nymph roach were captured on monitors. Crack and crevice treated area and used IGR device, placed new monitors. All refrigerators in these areas need to be pulled out and cleaned behind and underneath. Lots of build up and debris. This will make the environment less desirable to any further activity. Your cooperation is greatly appreciated. No other captures on other monitors besides occasional invaders.
