GENERAL COMMENTS / INSTRUCTIONS

WHERE NEEDED ADDED FRESH BAIT
 Serviced all trap stations around both structures. There were no captures at the time of service but I added fresh bait to each trap as well as detex blox where necessary. I recommend removing all fallen fruit and trash from around the property.

Service Traps Within Stations in Landscape
 Serviced all trap stations around the exterior perimeter of the civic center. There were no captures at the time of service but I added fresh bait to each trap as well as detex blox where necessary. Same conditions, same recommendations. Haven't had a capture in a while and they should be entering to the stations to use as shelter, but they have all their burrows hidden in the hillside.

GENERAL COMMENTS / INSTRUCTIONS

Service Traps Within Stations in Landscape
 Serviced all trap stations. Strangely and coincidentally all of the stations that weren't on the hills had been tampered with. They look beat up, all of the peanut butter bait was gone, the detex blox were gone and some of the rat traps were broken. These now especially need to be replaced.

GENERAL COMMENTS / INSTRUCTIONS

Serviced all trap stations around the lots. There were no captures at the time of service but I added fresh bait to each trap. We are likely seeing less captures again due to the overgrown landscape. With the weeds and foilage being so tall the rodents dont need a place of shelter (trap station, where they can get caught) rather they just frolick through the overgrown landscape and make new burrows. Same conditions same recommendations as last time.

GENERAL COMMENTS / INSTRUCTIONS

Met with Erick and went over a couple spots, contractor is going to seal the new hole in the kitchen that was made when the new wall paneling was put up, and he is going to try and contact Stanly for the sliding door weather stripping to see if that is available, otherwise we will have to fabricate some sort of seal for that. Even so, the hole is very very small and I think it's more of an issue of the door being left open.

GENERAL COMMENTS / INSTRUCTIONS

WHERE NEEDED ADDED FRESH BAIT
 1 mouse captured at maintenance building. No captures interior or exterior at clubhouse. Chris reported to me that they had found some droppings in the kitchen area yesterday. Upon further inspection, I found about a dozen rat droppings behind the under counter fridge in the right corner of the cook line area. I picked up these droppings and set some traps here to see if we get more activity. No other rodent or insect activity

GENERAL COMMENTS / INSTRUCTIONS

WHERE NEEDED ADDED FRESH BAIT

1 mouse captured in maintenance shed by back roll up door. No captures interior or exterior at clubhouse. I did notice some droppings in the left corners of the dry storage room in the kitchen. I spoke with Erick and Chris about this and it seems like they are newer. I placed some additional traps here. The ones I placed last week in the cook line area had no new activity. I also noticed a hole by the water heater that I had sealed up previously, looked like it had some chewing on it. I resealed this hole. This seems like behavior from a rodent that is trapped in. We will keep a close eye and communication on this.

GENERAL COMMENTS / INSTRUCTIONS

WHERE NEEDED ADDED FRESH BAIT
 No captures in traps at maintenance building. Fly activity low in clubhouse. Changed boards as needed. No more droppings found in dry storage room. 1 mouse was captured in the back shelving linen storage area. This is closest to the exterior glass sliding doors. No other signs of activity or droppings found, no reports of sightings or otherwise. Erick expressed that they are still not getting my reports that I email after each service. Aurora will have to email them manually until we figure out the software problem with pest pac. I also tried updating the app on my phone and we'll see if that works as well.

GENERAL COMMENTS / INSTRUCTIONS

SERVICIE ALL BAIT STATIONS WITH TRAPS. RESET, REPLACE AND OR REBAIT.

Serviced all trap stations. There were no captures at the time of service but I added fresh bait to to each trap as well as detex blox where necessary.

There werent any stations ripped out of the ground and thrown around today but I believe that I a good solution would be to install new boxes and make sure they are staked into the ground with concrete.

GENERAL COMMENTS / INSTRUCTIONS

A.T.
 I serviced all the stations around the building. No captures. I re baited as needed. Library is closed due to roof leaking. I could not check the roof or the atrium traps.

|----------------|--------|--|----------|
| 31801181 | NET 10 | Service Rodent Boxes with Traps Exterior | 1.00 |

GENERAL COMMENTS / INSTRUCTIONS

SERVICED ALL TRAPS. RESET, REPLACE AND OR REBAIT ALL TRAPS.
 Serviced all trap stations other than 1 by the lagoon that's been taken over by an ant colony and 1 station in the maintenance shop that was being blocked by a UTV.
 There were no captures at the time of service but I added fresh bait to each trap as well as detex blox where necessary.
 These boxes are very bad and need to be replaced. I took a picture of one and will have it uploaded into the account.

GENERAL COMMENTS / INSTRUCTIONS

WHERE NEEDED ADDED FRESH BAIT
 Serviced all trap stations around the exterior perimeter of the buildings. There were no captures at the time of service but I added fresh bait to each trap as well as detex blox where necessary. Stations must be replaced her soon

CONSUMER NOTIFICATION(S) / POST APPLICATION STATEMENTS

Treated Area(s) - Do not allow unprotected person(s), children, or pets to touch, enter or replace items or bedding, to contact or enter treated area(s) until dry.

Ventilation/Reoccupying – Vacate and keep area(s) closed up to 30 minutes after treatment, then ventilate area(s) well for up to 2 hours before reoccupying.

Equipment/Processing/Food – Thoroughly wash dishes, utensils, food preparation/processing equipment and surfaces with an effective cleaning compound and rinse with clean water if not removed or covered during treatment. This area should be odor free before food products are placed in the area.

Exterior Applications (baits) – Do not allow grazing of feed, lawn or sod clippings to livestock after bait applications.

Granular Application(s) – Do not water to the point of run off.

Do not burn treated fire wood for one month after treatment.
