GENERAL COMMENTS / INSTRUCTIONS

Serviced all trap stations around the auditorium. There were no captures at the time of service but I added fresh bait to each trap. There appears to be even more homeless activity, now on the west side. There's piles of trash and old clothes. I recommend evaluating this issue.

GENERAL COMMENTS / INSTRUCTIONS

Service Traps Within Stations in Landscape
Serviced all trap stations. There were no captures at the time of service but I added fresh bait to each trap. No rodent activity seen in the stations, but there are alot of new burrows in the landscape under the overgrown grass, PLEASE trim it down. Same conditions and same recommendations as previous, but I would like to reiterate how badly the stations are looking. They have been here for a long time, they are weathered, beat and have holes in them, for a lack of better words. I highly recommend replacing them all with new stations that we now provide.
I added new mouse traps where necessary, will need to add more on the next visit as well.

GENERAL COMMENTS / INSTRUCTIONS

Service Traps Within Stations in Landscape
Serviced all trap stations around the exterior perimeter of the civic center. Therewere no captures at the time of service and there hasnt been any in some time. Ive explained why this may be, a few times, in my past notes. I would also like to make mention that the scaffolding is a great highway for rodents to access different areas of the building that they may have never been able to reach before. I understand that theres a project going and that it must be done but I would just like to make it clear so that there arent any surprises.

GENERAL COMMENTS / INSTRUCTIONS

Service Traps Within Stations in Landscape
 Inspected and serviced perimeter snap trap stations throughout the Civic Center. Replaced multiple traps within devices. No capture rodents at the time of service. Scaffolding is installed throughout the majority of the property which makes it difficult to Traverse. Replenished trap stations with fresh peanut butter as needed.

GENERAL COMMENTS / INSTRUCTIONS

Payment of Bed Bug Treatment is due at the time of service by Credit Card or Check
Spoke with employees who had reported the client known to have bed bugs, and someone reported that they had actually seen one. Placed bed bug volcano lures and monitors in the seating area and the doctors room he had been in. Instructed them to also vacuum all areas immediately. We need to come check these monitors early next week or this Friday.

GENERAL COMMENTS / INSTRUCTIONS

Service all bed bug monitors in unit.
Serviced bed bug monitors in 3270 patient room and in seating area. There were no bed bug captures, but the staff say this client is a regular. So its necessary for us to keep these monitors here and check them regularly. As far as treatment, I dont see any necessary at this time unless it was a preventative spray around the baseboards of these areas.

GENERAL COMMENTS / INSTRUCTIONS

SERVICED ALL TRAPS WITHIN STATIONS.
 Inspected IMS devices within the main garage. Replaced glue boards as needed. Low activity noted. Mostly pill bugs and beetles. Service perimeter snaptrap stations around the property. Heavy slug activity within majority of stations. I noted that multiple traps required replacement do to oxidization from rain activity. Replace traps as needed. Replenish devices with fresh peanut butter. I noted at least five or six boxes that require immediate attention. They have been chewed on and exposed over the course of years. Also there are some devices that require screws in order to be secured, and some boxes require a new labels. Highly recommend landscaping around parking lot and impound lot fence line to be cutback for optimum rodent control.

GENERAL COMMENTS / INSTRUCTIONS

WHERE NEEDED ADDED FRESH BAIT
 Serviced interior and exterior devices. There were no captures or signs of activity. No droppings or chewing seen interior. Fly activity low. Replenished devices as needed and rebaited exterior traps. Removed snap traps in dry storage area, they keep getting set off when cleaning and sweeping is taking place. Maintenance shed was not accessible due to the road being closed for construction. Chris or Erick were not around this morning for signature. Spoke with other chef in kitchen who was cooking for a meeting this morning in the banquet room.

GENERAL COMMENTS / INSTRUCTIONS

WHERE NEEDED ADDED FRESH BAIT
 Serviced interior and exterior devices. Rebaited traps outside, no captures. Maintenance shop was inaccessible due to construction. No captures or evidence of activity inside clubhouse. Fly activity low, replaced all fly boards. There is some light debris buildup under the large ice maker. Also keep an eye on the compressor area behind the bar, this area tends to get sticky buildup and should be cleaned regularly.
